Available full-time from January 2027 | Graduate Visa, no sponsorship required | Full UK Driving Licence

PROFILE

Recent MSc Global Strategy and Innovation Management graduate from the University of Leeds, with nine years in sales and customer-facing roles across telecoms and fintech and current hands-on experience in parcel logistics. I am at my best explaining unfamiliar products until customers feel confident using them, keeping several customers moving at once, and tracing stubborn problems back to their real cause. Tesla's rotation through Sales, Delivery and Service appeals to me because my work so far has followed the same path, from the first conversation through setup to after-sales support, and I want to learn how those stages connect inside one business. Happy to relocate to Manchester, travel between Tesla sites and work the weekend pattern the programme runs on.

EXPERIENCE

Warehouse Operative (Part-time, via Route1) | Evri, Leeds, UK — Jul 2026 – Present

- Load outbound trailers from the conveyor on evening shifts, working out the safest and most efficient way to build each load.
- Use handheld scanners to keep parcel records accurate and follow the correct procedure for reporting damaged items.
- Work to daily targets as part of a shift team and cover standby shifts at short notice.

Project Manager (Internship) | 180 Degrees Consulting, Leeds, UK — Feb 2026 – May 2026

- Ran a live client project from start to finish, keeping a team of six consultants on track with deadlines, agendas and deliverables.
- Gathered user feedback, worked through conflicting views and turned them into clear recommendations for senior stakeholders.
- Adjusted tone and level of detail to the audience, from quick working sessions with the team to formal updates for the client.

Regional Account Executive | EcoCash, Bulawayo, Zimbabwe — Mar 2020 – Sept 2025

- Looked after 67 corporate accounts across the region as their first call for everything from setup to day-to-day issues.
- Ranked in the top five of 32 account executives and brought in 21 new corporate accounts in a single quarter.
- Guided customers through new mobile money and payment tools until they could use them confidently on their own.
- Took new accounts through onboarding and KYC checks, handling personal and business information in line with regulatory requirements.
- Traced account problems others had given up on back to their root cause, then explained the fix in terms that suited a shop owner or a senior executive.
- Taught clients safer ways to transact, heading off fraud before it caused harm.

Sales Consultant | Econet Wireless, Bulawayo, Zimbabwe — Mar 2017 – Feb 2020

- Advised and sold in a busy branch, often serving several customers at once without letting the standard of service slip.
- Ran customer research and wrote it up into short reports that shaped regional promotions and service changes.
- Showed customers how to use digital platforms safely and flagged common fraud tactics before they caused harm.

Customer Services Representative | Econet Wireless, Harare, Zimbabwe — Oct 2016 – Feb 2017

- Handled 240+ customer contacts a day by phone and in person, keeping each one moving toward a resolution.
- Passed the monthly product-knowledge tests consistently, each set at a 90% pass mark, so customers got accurate answers first time.
- Stayed calm with frustrated or distressed customers and often turned a difficult start into a good outcome.

EDUCATION

MSc Global Strategy and Innovation Management | University of Leeds, UK — Sept 2025 – Sept 2026

Completed September 2026. Predicted grade Merit.

MBA, Strategic Management | NUST, Zimbabwe — Jan 2022 – Jun 2023

Merit.

Bachelor of Commerce, Marketing | NUST, Zimbabwe — Aug 2012 – Jun 2016

Degree class 2.1.

KEY SKILLS

- **Customer education and sales:** explaining unfamiliar products in plain terms and building people's confidence to use them independently, in person and remotely
- **Keeping customers moving:** managing many customers or accounts at once, from first conversation through setup to aftercare, without dropping the standard
- **Problem-solving:** going back to first principles to find the real cause of a problem, then following through to a proper fix
- **Working to process and confidentiality:** KYC checks, regulated customer data, damage reporting and safe working practice
- **Learning and feedback:** quick to pick up new systems and to act on constructive input
- **Tools:** Microsoft 365 (Excel, Word, PowerPoint, Outlook, Teams), CRM and database systems, handheld scanners
- **Languages:** English (fluent), Ndebele and Shona (native)

AWARDS AND ACHIEVEMENTS

- Winner, Morrisons Sustainability Business Competition 2026, University of Leeds (first place from 33 teams). Led the pitch and presented the winning proposal to a panel of industry and academic judges.
- Award-Winning Team 2026, Innovation Management in Practice, University of Leeds Business School.
- Best Presentation, Implementing Strategy in a Digital World, University of Leeds Business School.

ADDITIONAL INFORMATION

- Full UK Driving Licence (issued 18 October 2025).
- Willing to relocate to Manchester, travel regularly between Tesla sites and events, and work weekends.
- Certifications: Microsoft Excel (2025); Digital Marketing, Marketers Association of Zimbabwe (2019).
