Leeds, UK | +44 7783 330165 | nkmpofu93@gmail.com | linkedin.com/in/nkosilathi-mpofu-25339b60

Available full-time from September 2026 | Graduate Visa, no sponsorship required

PROFILE

Postgraduate finishing an MSc in Global Strategy and Innovation Management at the University of Leeds, with nine years in sales and customer-facing roles across telecoms and fintech. Comfortable talking people through unfamiliar products, keeping several customers moving at once, and getting to the root of problems others have struggled with. Drawn to a rotational programme because I learn a business fastest by seeing how sales, delivery and service actually connect. Happy to relocate to Manchester and to work the weekend and shift pattern the role runs on.

EXPERIENCE

Warehouse Operative (Part-time) | Route 1, Leeds, UK *July 2026 – Present*

- Sort and organise incoming parcels by route and destination, keeping accuracy high under time pressure.
- Operate conveyor systems and handheld scanners to keep the sorting line moving.
- Spot damaged parcels and follow the correct reporting and handling procedures.
- Load and unload vehicles, working out the most efficient way to lay out each load.
- Work with the team to hit daily performance targets in a fast-paced setting.
- Cover night shifts starting between midnight and 1am, plus occasional overtime.

Project Manager (Internship) | 180 Degrees Consulting, Leeds, UK *Feb 2026 – May 2026*

- Ran a live client project from start to finish, keeping a team of six consultants aligned on deadlines, agendas and deliverables.
- Gathered user feedback, made sense of conflicting views, and turned it into clear recommendations for senior stakeholders.
- Shifted tone and level of detail to match the audience, from quick working sessions with the team to formal updates for the client.

Regional Account Executive | Ecocash, Bulawayo, Zimbabwe *Mar 2020 – Sept 2025*

- Looked after 67 corporate accounts across the region, acting as their first call for anything from setup to day-to-day issues.
- Guided customers through new mobile money and payment tools until using them felt straightforward rather than daunting.
- Headed off fraud by teaching clients safer ways to transact, protecting both them and the wider service.
- Untangled account problems others had given up on by tracing them back to the actual cause, adjusting how I explained the fix depending on whether I was talking to a shop owner or a senior executive.

Sales Consultant | Econet Wireless, Bulawayo, Zimbabwe *Mar 2017 – Feb 2020*

- Advised and sold in a busy branch, often handling several customers at once without dropping the standard of service.
- Ran customer research and wrote it up into short reports that shaped regional promotions and service changes.
- Showed customers how to use digital platforms safely, flagging common fraud tactics before they caused harm.

Customer Services Representative | Econet Wireless, Harare, Zimbabwe *Oct 2016 – Feb 2017*

- Handled 240+ customer contacts a day across phone and in person, keeping each one moving toward a resolution.
- Passed the company's monthly product-knowledge tests consistently, each set at a 90% pass mark, so customers got accurate answers first time.
- Kept calm with frustrated or distressed callers and often turned a rough start into a good outcome.

EDUCATION

MSc Global Strategy and Innovation Management | University of Leeds, UK *Sept 2025 – Sept 2026*
Predicted grade: Merit.

MBA, Strategic Management | NUST, Zimbabwe *Jan 2022 – Jun 2023*
Merit.

Bachelor of Commerce, Marketing | NUST, Zimbabwe *Aug 2012 – Jun 2016*
Degree class: 2.1.

KEY SKILLS

- **Sales and customer education:** guiding people through unfamiliar products and building their confidence to use them independently.
- **Multi-channel enquiry handling:** phone, in person and remote, across high-volume environments.
- **Juggling competing demands:** staying accurate and level-headed when several priorities land at once.
- **Problem-solving:** tracing issues back to the root cause and following through to a proper resolution.

- **Communication:** clear written reports and confident face-to-face conversation, adapted to the audience.
- **Learning and feedback:** quick to pick up new systems and to act on constructive input.
- **Tools:** Microsoft 365 (Excel, Word, PowerPoint, Outlook, Teams), CRM and database systems.
- **Languages:** English (fluent), Ndebele and Shona (native).

AWARDS AND ACHIEVEMENTS
